About Devotion Danceworks

Since 2007, Devotion Danceworks has offered professional dance training in a recreational setting for children starting at 18 months of age. Our instructors are devoted to inspiring the children, passing along their love of dance and building self-confidence in every child who walks into their classroom. Classes run on a sessional basis beginning in September, January and May with in studio demonstration days on the last day of each session. With no long term commitment, no formal recital and no additional fees we are able to meet the needs of busy family schedules.
